

Upcoming Workshops

Simple Applique Sampler **Featuring: Kathy Lanza, One of Our Own , Thursday, Oct 23, 2014**

No need to lug your sewing machine to this workshop as this workshop will focus on a simple "starch turned" hand applique. A kit will be provided for a \$15.00 fee; which will include everything you will need for the class from all the fabrics, trims and beads. Additional blocks can be added to make this into a table runner or wall hanging. This workshop is suitable for **all skill levels**.

Landscapes **Featuring: Marjorie E. Johnson, Thursday, February 19, 2015**

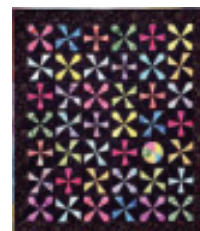

Website: www.marjoriefiberart.com

You decide which to make, garment or wall hanging. Bring a picture or an idea of what you wish to create. (eg: underwater scene, forest, sunset, etc.) Bring fabrics to match your theme and some to share with others. A piece of this, a scrap of that, you will see your idea transform into a piece of art right in front of you! This workshop is for **all skill levels!**

Playing with Jax **Featuring: Colleen Granger, Thursday, April 16, 2015**

Website: sewlittletimequilting.com

Playing with Jax utilizes 60 degree triangles to make the "Jax" design. Scrapes are used from the triangles to make the ball and binding. This project may look challenging but with a few tips and techniques it is really fun and easy. Fabric folding makes the "Jax" three dimensional. This class is suitable for most **Beginner+ skill levels**.

Layered Landscape Collage **Featuring: Meri Henriques Vahl, Thursday, June 18, 2015**

Website: www.meriantquilts.com

Open up a whole new world of artistic possibilities with this playful and fun technique. No fusing or sewing machines necessary for this one day class. Just bring your favorite photograph for inspiration, scissors, lots of straight or safety pins, fine black tulle (other colors as desired), and fabric to make your artistic vision come true. In addition, you can bring embellishments, such as yarn, lace, feathers, etc. I will demonstrate how I create people for my quilts. And I'll show you an easy way to add borders so you can make an art quilt of any size and you will only have to machine quilt the outside edges of your project. This workshop is for **all skill levels**.
